Fall 2025

Carrie Jokiel

Title	President
Organization	ChemTrack Alaska, Inc.
Year started with your organization	2004
Your organization has been an AGC member since:	2011
Are you a current AGC Board Member?	Yes
How many years served on AGC's Board of Directors?	10

Types of work your organization is involved in:

ChemTrack is an 8(a), Alaskan Woman Owned Small Business (WOSB) providing environmental services, construction, engineering and innovative remedial technology for projects throughout Alaska. For over four decades, ChemTrack has successfully completed projects for private business and government/military clients including: US Army Corps of Engineers (USACE), Air Force Civil Engineer Center (AFCEC), US Army Directorate of Public Works (DPW), Bureau of Indian Affairs (BIA), Indian Health Service (IHS), Federal Aviation Administration (FAA), and numerous local and statewide businesses. ChemTrack combines geological, chemical, hydrological, and engineering expertise with a broad understanding of regulatory and risk frameworks to solve environmental assessment and regulatory compliance problems for our clients.

Personal work experience:

Ms. Jokiel oversees and directs the day-to-day operations of ChemTrack and develops company strategy for bidding, procurement and short term and long-term opportunities. She oversees the development and implementation of the contracts including administration, quality control, and subcontracting/teaming agreements. She contacts Federal and private sectors in pursuit of future contracts; creates and maintains contacts and relationships with the appropriate sectors and personnel. She is currently the AGC Vice President

Other construction industry activities:

ChemTrack also has a JV with Cornerstone General Contractors, ChemTrack/Cornerstone JV, LLC and with Excel Construction ChemTrack/Excel JV. She is also co-founder and co-owner of RealClean LLC. Carrie is a member of the following organizations: National Contract Management Association (NCMA), Society of American Military Engineers (SAME), US Women's Chamber of Commerce and a founding member with the Women's Procurement Circle (WPC).

José Owens

Title	Operations Manager
Organization	American Marine Corporation
Year started with your organization	2005
Your organization has been an AGC member since:	1996
Are you a current AGC Board Member?	Yes
How many years served on AGC's Board of Directors?	1

Types of work your organization is involved in:

American Marine Corporation is a marine construction services company. We were established in 1973 and incorporated in 1975. We perform work throughout Alaska on infrastructure such as Oil & Gas platforms, facilities, and pipelines. We inspect bridges, docks, vessels, and structures. We build, inspect, maintain, recover, and salvage a variety of structures and vessels. To accomplish our mission, we utilize purpose-built diving support vessel, small boats, support trailers, and mobile dive support packages. Our team members are trained as divers, mechanics, welders, , fabricators, cathodic protection technicians, ROV operations, coatings application, dive medicine, vessel operations & maintenance, and many more project specific disciplines.

Personal work experience:

My personal work experience begins as a young man working on farms in Illinois, an extrusion plant in Florida, framing homes in Anchorage, Oil & Gas exploration with PGS onshore, banking, and several other positions throughout Alaska. I mentioned all these jobs as I have learned something from each of them. Tenacity, attention to detail, leadership, communication, advocacy, accountability, pride in workmanship, and all the values that I wish to exemplify in my current role.

I started at American Marine Corporation in 2005, where I worked with our sister company – PENCO as a Hazmat remediation technician then a HAZWOPER Supervisor.

I worked as a hyperbaric chamber technician treating patients with the knowledge gained from my diving career under the direction of our physician.

I received an AAS in Process technology, and a Bachelors of Science in Business Management & leadership.

I went on to work with AMC as a tender/dive support, and worked myself into a position as a diver while attending classes at UAA and eventually Bellevue University.

I worked my way into a project management position, and after gaining credentials as a safety professional I became the Safety and Compliance manager. In 2022 I became the Operations Manager for the AMC Alaska Division.

Board of Directors Nomination Resume Specialty Division Fall 2025

Other construction industry activities:

My other construction activities include my involvement in the following organizations;

Alaska Carpenters Training Trust (ACTT) – 2021 to 2024

American Welding Society (AWS) Alaska Sector – 2021-current: Vice Chair

International Marine Contractors Association (IMCA) 2019 – current: North America region: Vice Chair

Alaska Safety Alliance (ASA): 2023 – current: Board member

Association of Diving Contractors International (ADCI) – 2024 – current: West Coast Chapter President

AGC Safety Committee: 2017 – Current

Mike Klebs

Title	President / CEO
Organization	KLEBS Mechanical, Inc.
Year started with your organization	1990
Your organization has been an AGC member since:	2010
Are you a current AGC Board Member?	Yes
How many years served on AGC's Board of Directors?	1

Types of work your organization is involved in:	Mechanical Contracting – Plumbing Heating HVAC Sheetmetal Fabrication Piping Service Maintenance and Residential Replacement.
Personal work experience:	I have worked for two different mechanical contractors throughout my 35 year career and from those experiences have been educated on all aspects of the contracting business from the successful completion of many large design-build projects to operating a service entity with technicians and work orders, from estimating to accounting and from project management, job cost, etc to payroll systems.
Other construction industry activities:	I have been involved in many volunteer organizations including churches, Associated Builders and Contractors, AGC, and others. I ran a kids summer camp for a few years, was the Construction Manager for a preschool project in Anchorage, served on various Ministry Boards and Committees at my church, served on Workforce Development Committees, Apprenticeship and Training Committees, Chairman of the Board for ABC in 2006-07, ABC Legislative Affairs Committee Chair, Code Review Committee for the MOA in 2008. I believe in giving back to the industry.

Scott Vierra

Title	Business Development
Organization	North Star Equipment Services (NSES)
Year started with your organization	2014
Your organization has been an AGC member since:	1950 , though there have been some challenges verifying the exact date due to the company's name evolving over the years.
Are you a current AGC Board Member?	Yes
How many years served on AGC's Board of Directors?	8

Types of work your organization is involved in:	Our operations include eight facilities, four featuring barge service docks for project cargo. Our Anchorage & Seward locations are tri-modal facility offering Barge, Rail, and Truck services to Moreover, our off-dock operations significantly support various infrastructure projects throughout Alaska, allowing us to undertake large-scale and smaller initiatives. Our fleet includes approximately 40 cranes, ranging from a 440-ton crawler to a 30-ton rough terrain crane. In addition to our crane services, we possess a range of pile-driving and drilling rigs equipped for large-diameter drilling and installing piles of various types and sizes. Notably, we have successfully installed VSM and thermosyphon piles on the slope, the Alaska Pipeline and recently completed a 3,000-sheet pile installation for the Santos Oliktok dock expansion.
Personal work experience:	I have over 30 years of experience in construction business development and equipment sales, supporting Alaska's construction industry across a wide range of sectors. In addition, I bring seven years of experience as a general contractor, building both single- and multi-family homes. My passion for the construction industry, and for AGC's mission of advocacy, education, and collaboration, continues to grow stronger each year.
Other construction industry activities:	As Co-Chair of the AGC Membership Committee and have served on additional committees since 2014. I actively invite new and prospective members to our networking events and attend nearly every AGC function statewide. I take pride in consistently promoting AGC's mission—advocating for, educating, and supporting our members and industry partners. Beyond AGC, I'm also an engaged member of The Alaska Alliance and Resource Development Council (RDC), where I continue to champion responsible development and collaboration across Alaska's resource and construction sectors. Most importantly, I truly value the opportunity to work alongside such dedicated AGC staff, board members, and industry peers who share the same commitment to Alaska's growth.
