Luke Blomfield

Title	President / CEO
Organization	Davis Constructors & Engineers, Inc.
Year started with your organization	2003
Your organization has been an AGC member since:	1985
Are you a current AGC Board Member?	Yes
How many years served on AGC's Board of Directors?	7 Years

Types of work your organization is involved in:	Davis Constructors & Engineers, Inc. was founded in 1976 and is one of the most experienced Anchorage and statewide Alaskan general contractors. We have maintained a steady, orderly growth. In our more than forty year history, we have completed over 5500 projects totaling almost \$2.5 billion throughout Alaska. Our company has completed commercial building projects which cover the full range of material and methods of construction, from cast in place concrete and structural steel, to precast concrete panels and wood frame structures. We have had extensive experience in school construction, both urban and rural, special housing projects, hotel construction, retail stores, multi-story office buildings and highly specialized construction such as jails and hospitals. Additionally, we have significant experience with military projects including Ft. Greeley, Ft. Wainwright, Eielson AFB and Joint Base Elmendorf – Richardson.
Personal work experience:	Luke Blomfield is the President of Davis Constructors. His overall leadership and direction ensures Davis achieves its vision, mission, goals and objectives. Mr. Blomfield earned a degree in Construction Management from California State University, Chico and a Master's Degree in Project Management from the University of Alaska, Anchorage. Luke started with Davis Constructors & Engineers, Inc. as an intern in 2003, and has since served as a Senior Project Manager and Vice President. Luke has experience in all contract delivery methods. His project revenue exceeds \$650 Million, nearly all of which involved Preconstruction Services.
Other construction industry activities:	UAA Construction Management Committee member Previous AGC committee member LEED AP PMI Global Congress Guest Speaker

Robert Champion

Title	Vice President
Organization	Brice Pacific, LLC
Year started with your organization	2023
Your organization has been an AGC member since:	2023
Are you a current AGC Board Member?	Yes
How many years served on AGC's Board of Directors?	3

Types of work your organization is involved in:

Brice Pacific, LLC specializes in delivering high-quality vertical and civil construction services, primarily for federal clients. Our projects encompass a wide range of infrastructure and facility developments, including military installations, federal buildings, and civil works such as roads, bridges, and utilities. We are committed to excellence in project management, safety, and sustainable construction practices, ensuring timely and cost-effective solutions that meet the stringent requirements of our federal partners.

Personal work experience:

With over 20 years in the construction industry, I have developed comprehensive expertise in project management, operations, and strategic leadership. My career includes overseeing complex vertical and civil construction projects, with a focus on federal contracts. At Brice Pacific, LLC, as Vice President since 2023, I lead teams in delivering multimillion-dollar projects, emphasizing quality, safety, and client satisfaction. My experience spans pre-construction planning, budgeting, risk management, and stakeholder collaboration, ensuring successful project outcomes in challenging environments. Prior roles include executive leadership positions in construction firms, where I honed my skills in operational efficiency and innovative problem-solving.

Other construction industry activities:

As Co-Chair of the AGC Alaska USACE Steering Committee, I actively collaborate with industry leaders and the U.S. Army Corps of Engineers to address challenges and opportunities in federal construction projects. This role involves advocating for policies that enhance project delivery, streamline regulatory processes, and promote fair competition. Additionally, I participate in AGC Alaska's workforce development initiatives, supporting programs that foster skilled labor and career opportunities in the construction industry. My involvement extends to mentoring emerging professionals and contributing to industry forums, where I share insights on best practices, safety standards, and technological advancements in construction. I am dedicated to advancing the mission of AGC Alaska by promoting collaboration, innovation, and growth within the state's construction sector.
