Marty Thurman

Title	Area Manager
Organization	Granite Construction Company
Year started with your organization	2003
Your organization has been an AGC member since:	1985
Are you a current AGC Board Member?	Yes
How many years served on AGC's Board of Directors?	1 Year

Types of work your organization is involved in:	Heavy Civil contracting across the state of Alaska. Primary focus is heavy earth moving, paving, grading, and structures.
Personal work experience:	Throughout my 22-year career with Granite Construction, I have been responsible for the oversight of all phases of Heavy Civil construction projects from initial planning and estimating through final completion. I coordinate with designers, engineers, subcontractors, and clients to ensure that projects meet specifications, safety regulations, and quality standards. My responsibilities included managing estimates, negotiating contracts, managing budgets, developing schedules, supervising on-site teams, and resolving issues to keep projects on track. I monitor daily operations to ensure work is completed safely, efficiently, and within established schedules. I negotiate contracts with owners, subcontractors and vendors, maintain clear communication among all stakeholders, and ensure compliance with the project specifications. Through effective leadership and strategic planning, I consistently deliver projects on time and within budget while fostering strong professional relationships across all levels of the construction process.
Other construction industry activities:	State of Alaska Advisor for National Asphalt Pavement Association
